Facts and Knowledge

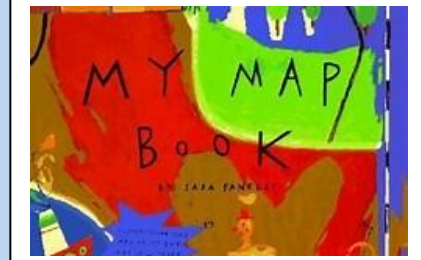

We all look different and unique. We have different colour hair and eyes, we are different shapes and sizes, we have different personalities, we have different interests and likes/dislikes and we have different families.

We live in different houses. There are lots of different people living in our community. Some of us live close to school and some of us live further away. Our school is in a village near St. Nicholas Church.

It is important for us to look after our body. You can look after your body by eating healthy food, exercising and brushing your teeth at least twice every day. We have five senses that help us to explore and understand the world. They are sight, hearing, smell, taste and touch.

Question to Ask

What do you look like?
Who is in your family?
Where do you live?
What is your home like?
What is your school like?
Where do you like to visit?
Can you name your five senses?
