Summer term 2020

Friday 26th June

Dates for the Diary:

10th July - Canoe Adventure for Year 6
17th July - End of Year Celebration

It has been another enjoyable week at Wilden VA Primary School. The children are showing such resilience; getting on with their learning, doing their best to keep their distance and washing their hands. It has all become part of the daily routine!

As well as getting on with our learning, we are all continuing to enjoy being together again. The children are so appreciative of each other's company and the sharing and playing taking place (at a distance) is heart-warming to see.

Finally, a big thank you to Reverend Tim, who carried out a thoughtful Transition Assembly on Wednesday afternoon. Once again the sun shone and our socially distanced gathering under the cherry tree in the playground was successfully attended by all. I am sure the Moving On books he handed out to the Y6 pupils will be invaluable as they make their journey into Secondary School. We wish all our kind and supportive parents a very happy and peaceful weekend.

With best wishes, Mrs Douglas and Mrs Byrne

Muntjacs have been learning how to edit and develop videos using special software. This has enabled them to adapt a simple video into a masterpiece.

In English, children have been looking at using descriptive language to create a poem and short story about a dragon that never grew.

We also managed to squeeze in a water fight!

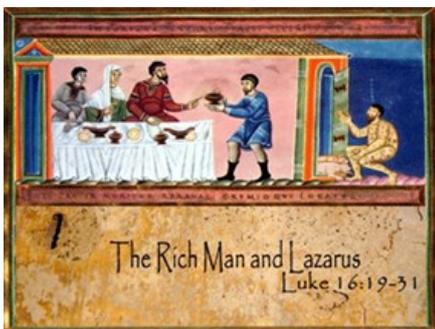

The children in **Early Years** have been having so much fun in the sun! All of us have been playing so well together, making up games, building obstacle courses, and we even role played 'holidays' by making a beach and a hotel. We've read the book Zog, so we designed and made our own dragons. We used our phonics to write about them, and we've been practising our adding and subtracting too.

In **Otter** class this week we have been practising telling the time in maths and in English we have been answering and asking questions about World Records. We're not sure if the facts are real in our book though because apparently 'The record for standing up to the waist in water in the Manchester Ship Canal is held by Titus Wellington who stood there for 835 hours during one particularly mild April'. We've decided that the book we're looking at is possibly a bit silly as it is impossible to spend over a month standing in water-you would come out extremely wrinkly!

Reports

Your child's school reports will be sent out by email this year. We aim to get all reports out by Friday 10th July

Luke 16: 19-31 The Rich Man and Lazarus

Our Value of the Month
June — Respect

“
A little consideration,
a little thought
for others,
makes all the
difference.”

Eeyore

In **Squirrels** the children have been focussing on the brilliant Primary Matters, My Map Book. They have been working on maps and plans connected with their lives and have also been focussing on special bears, learning new art skills and the very useful skill of tying bows and laces!
