Dear Parents,

We are really excited to have all the children back on Monday 8th March and hope you are too!

However happy we are to have everyone back the updated government guidance is very clear that the current system of controls must remain in place until 21st June. This means that when all children return they must remain in their bubbles, socially distance where possible, classrooms must be well ventilated and staff must maintain the current high standards in terms of sanitising surfaces and hand hygiene.

Children will still have staggered starts and finishes, staggered break and lunchtimes and remain strictly within their class bubble. Before and after school provision is available.

The government is also asking schools to play a more proactive role in ensuring parents maintain social distancing at the school gate.

We will be considering all these things and updating risk assessments before writing to you next week with the final details for children returning.

Please be reassured that we are doing everything we can to keep your children safe in school.

Kind regards

Clare Claxton, Executive Headteacher

Early Years

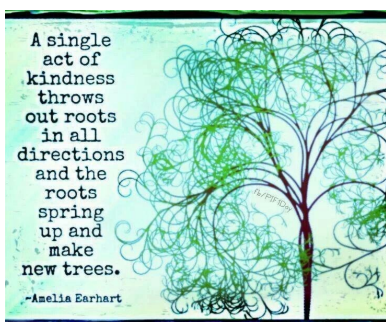

Early Years have been busy working on their creative skills, using paint, foam and wooden shapes to make their own unique pictures.

They have also been using instruments to listen to the different sounds they produce. The children then made their own instruments to form the Early Years orchestra!
